Dominica Geothermal Risk Mitigation Project Contract

Subject: Bid Clarification 0029 Pipe Materials

Bid Document Clause: - SECTION VII - EMPLOYERS' REQUIREMENTS; Part 02 – Specification; Section 5.3.1 “Pipe Design – General”

Detailed description of request

Please clarify whether the table describing the materials for each plant service has to be intended as mandatory or not.

Enclosures: None

Response:

Bidders are referred to the final paragraph of Section 5.3.1: “The pipe materials shall be specified by the Contractor which shall indicate what piping materials are to be used for each plant service. The following table shall give an indication for the Contractor.”

The Contractor shall specify and indicate what pipe materials are proposed for each plant service. The associated table in the section provides the Employer's expectations for the pipe materials for the various services for the expected life of the Plant. Any deviation from the expected pipe material shall be clearly identified by the bidder.

Enclosures: None
