Dominica Geothermal Risk Mitigation Project Contract

Subject: Bid Clarification 0034 - Access to re-injection pipeline route between IP/600 and IP/650

Bid Document Clause: ITB Clause 7

Detailed description of request

The Site visit conducted by the Employer did not cover the section of re-injection pipeline route between IP/600 and IP/650. We attempted to review this section on our own last week. However, the section between IP/600 and ca IP/615 is overgrown and cannot be readily accessed.

We request the Employer's assistance in reviewing this part of the site.

Enclosures: None

Response:

As of 27th September, access along the pipeline from IP610 to IP600 has been cleared to permit access for inspection.
